Subject: Decision Document Planned Dates

Hi John,

I've been asked to provide the anticipated PP and ROD dates for the following sites.

The current dates are based on SEMS, but I know that they might not be accurate. For example, it's my understanding that San Jacinto is planned to go the NRRB in November, so the SEMS date for a PP in September 2015 has changed. Please let me know the anticipated PP and ROD dates for the following sites.

Thanks!

San Jacinto – PP 9/15

Tar Creek - POTENTIAL ESD re-Sequencing work from 2008 ROD - may not be required - (R6) Need for ESD still under consideration
